JHB/VT/30588

Dear Jeff

Your File: PM-1315 Australia
Our File: 30588

Following our discussions of PM 1315 applications in a number of countries I was able to prepare a draft response for the Australian application and instruct our associates.

They have now filed an amendment of which a copy is enclosed. Only relatively minor amendments have been made in the claims, bearing in mind that the ceramic sleeve of claim 1 characterizes the invention in a manner that already distinguishes it from the prior art.

Yours sincerely

J. H. Bass
